About Kamareddy

Kamareddy district epitomizes the "Viksit Bharat" vision by blending heritage with modern infrastructure. It features architectural marvels like the 18th-century **Domakonda Fort**, the massive **Koulas Fort**, and the **Naganna Baavi** stepwell. Nature and engineering converge at the **Nizamsagar** and **Pocharam** dams, while **Bichkunda** offers rural charm and ancient Shiva temples. These sites, alongside significant pilgrimage centers, highlight the district's potential for sustainable tourism and cultural preservation, serving as a vital backdrop for discussions on science, trade, and policy integration for a developed India.

About College

Established in 1988 and sprawling across a 9.5-acre campus in Kamareddy district, **Government Degree College (A), Bichkunda**, serves as a premier institution for higher learning, offering diverse undergraduate and postgraduate programs in Arts, Commerce, and Science. The college achieved a significant milestone in 2022 by earning a **NAAC 'A' Grade**, followed by the grant of **UGC Autonomous Status** for a ten-year period starting from the 2023-24 academic session. Committed to the **Viksit Bharat@2047** vision, the institution integrates academic rigor with practical skill development through the **Telangana Skill and Knowledge Centre (TSKC)** and research-driven initiatives like **Jignasa**. Beyond the classroom, the college fosters social responsibility and national values via **NSS** and **Yuvatharangam**, utilizing its modernized infrastructure to empower rural communities and prepare a future-ready workforce.

About the Department of Commerce

Since 1988, the Department of Commerce at GDC (A) Bichkunda has pioneered academic excellence. Offering B.Com (General, Computer Applications, HR Operations) and M.Com, it aligns with **Viksit Bharat@2047** by bridging theory and practice. Through expert lectures, research, and field trips, the department cultivates skilled professionals and entrepreneurs prepared to lead India's economic transformation and global competitiveness.

About Seminar

This seminar explores the integration of **science, technology, and trade** to propel India toward its **2047 development goals**. It focuses on fostering innovation, strengthening global competitiveness, and aligning governance with sustainable practices. By bridging interdisciplinary gaps, the event aims to generate actionable strategies for a self-reliant, inclusive, and digitally-empowered nation.

Key Areas of Discussion:

The discussion on **Viksit Bharat@2047** centers on integrating **Science, Technology, and Innovation (STI)** with trade and governance to drive self-reliance. Key themes include leveraging **Industry 4.0**, **AI**, and **digital transformation** to modernize commerce, while strengthening the **Start-up and MSME ecosystems** for job creation.

Sustainable growth is prioritized through **green technologies**, **climate-smart trade**, and **renewable energy** alignment. Human-centric development focuses on **healthcare biotech**, **agri-science** for food security, and **skill development** to prepare the future workforce for the gig economy.

Crucially, the framework emphasizes **policy convergence**—bridging the gap between financial inclusion (FinTech), ethical governance, and data protection. By fostering **women's leadership** and **science diplomacy**, India aims to solidify its global trade position, ensuring an inclusive, resilient, and technologically advanced economy by 2047.

viksitbharat2047seminar@gmail.com

Objectives of the Seminar

- ❖ **Science & Innovation:** Accelerate India's transition to a developed, self-reliant nation by 2047 through strategic science, technology, and innovation.
- ❖ **Economic Drivers:** Boost growth, competitiveness, and employment by leveraging trade, industry, and entrepreneurship.
- ❖ **Policy Convergence:** Integrate science, trade, and governance to ensure sustainable, inclusive, and resilient development.
- ❖ **Digital & Human Capital:** Drive economic transformation and modernize governance through digital technologies, AI and human capital development.
- ❖ **Interdisciplinary Action:** Promote cross-sector dialogue and research to generate actionable policy recommendations for national development.

Seminar Topics

- Science, Technology and Innovation (STI) for a Viksit Bharat
- Trade, Commerce and Industry 4.0 in India's Growth Journey
- Policy Convergence for Sustainable and Inclusive Development
- Digital India, Artificial Intelligence and Economic Transformation
- Start-ups, MSMEs and Entrepreneurship Ecosystems
- Green Technologies and Climate-Smart Trade Policies
- Agricultural Science, Agri-Trade and Food Security
- Healthcare Innovation, Biotechnology and Public Policy
- Education, Skill Development and Human Capital Formation
- Women in Science, Trade and Policy Leadership
- Science Diplomacy and India's Global Trade Position
- Financial Inclusion, FinTech and Policy Reforms
- Energy Security: Renewable Energy, Trade and Policy Alignment
- Ethical Governance, Data Protection and Regulatory Frameworks
- Future Workforce, Gig Economy and Labour Policy Reforms
