## About the College

Government Arts College, Krishnagiri was started in the year 1964. The interest shown by the people of this educationally backward area of Tamil Nadu and the donations received from the public was instrumental in Government of Tamil Nadu starting this college. This college was started by the Honourable Chief Minister M. Bhaktavatchalam on 15.10.1964. This college was started in 1964 with three sections in PUC and after remaining four section was started. In the year 1965-degree course in Mathematics, History and Tamil Literature were started. The college was shifted to the new building constructed at a cost of 8.50 Lakhs in land bought by the college committee in August 1970. The new building was declared open by the then the Governor. His Excellency K.K Sha on 14-10-1970. in the year 1971 first floor was added to the existing building at a cost of Rs 2 lakhs. The Parent Teacher Association have been started in the Academic Year 2006-2007 and also Old student Association started in the same academic year, college canteen functioning well from the academic year 2006-07. Based on the Govt Order following shift -2 classes were started from the year 2007-2008. B. Sc Chemistry, B. Sc Computer Science, B.Com, B.B.A, B. Lit Tamil. Now 13 UG Courses, 9 PG Course and 7 Research Department currently running.

## About The Department

Government Arts College (Men) is the only college in which is offering B.A Economics from 2013-2014 onwards the intake is 80 strength. The first batch of the student is just passed out. The Department Post Graduate in Economics opened in 2017 – 2018 in the First Batch 25 Seats student's admission only 4 students. ### Objectives:

The broad objective of the National Level Seminar is to deal with the issue of identifying the nature and extent of quality of teaching in environmental education and to suggest appropriate policy measures.

### Objectives of Environmental Education

The European Community adopted a resolution on Environmental Education. The objective of Environmental Education is to increase the public awareness of the problem in this field, as well as possible solutions, for the development of fully informed and active participation of the individual in the protection of the environment and the prudent and rational use of national resources.

Awareness, knowledge, attitude, skills, participation, evaluation, sustainability and striving to attain harmony with nature, are the objectives.

To identify the problems faced by environmental education in India and discover solutions through discussions with experts in the field.

### Sub themes:

1. Equipping the teachers on Environmental Education
2. Curriculum changes to facilitate environmental education from LKG to PG Level.
3. Widen the scope of environmental education multi-disciplinary subject.
4. To find the possibilities to introduce measures to transform Mach-Box Industries to : Green fire works.
5. De-forestation and environment impact.
6. Environmental basis for agriculture and food.
7. Interactions between agriculture and the environment.
8. Environmental education, Training awareness.
